**Alchemy is Transmutation is Action & Communication.** The new alchemies are now available and experienced as a spiritual exchange, vision maps, and digging in the soil. I propose that the following types of alchemy are available for our use:

**Imaginative Alchemy** – The power of the idea and collaboration, making visions real.

**Eco Alchemy** – Creating and sharing new solutions for global stewardship and permaculture practices.

**Shamanic Alchemy** – Journeys, initiations and holistic practices with the spirit as lead by a wise healer.

**Sound or Sonic Alchemy** – Vibrations, natural or human made, and their power to support creation.

**Digital Alchemy** – Computerized images and text that create new stories, songs and myths.

**Community Alchemy** – in transition together, sharing best practices and as we build a permaculture future.

**Earth Alchemy** – Seeing the Earth and Nature as a living, evolving organism. Humans, plants and animals as one.
